

PtRh20

Pt-20%Rh

General information

Applications	glass fibre bushings, semi-finished products, glass manufacturing, drain bushings
Product Forms	sheet, tube, wire
Density, g/cm ³	18.79
Melting Range, °C	1870 - 1910

Forming Processes

Material Behaviour	ductile
Forming Process	machinable, formable

Mechanical Properties

Young's Modulus, GPa	246
Modulus of Rigidity, GPa	92
Hardness, HV	113 - 273
Tensile Strength, MPa	380 - 940
Yield Strength, MPa	110 - 920
Elongation, %	2 - 30

The information in this data sheet contains only general information on the use of our products or examples for their application. They do not release the customer from a careful inspection of the delivered product for its fitness for the customer's particular purpose of use. Any customer's special requests regarding the particular use of a product will only be authoritative if Heraeus has confirmed to the customer in writing at the time of conclusion of a corresponding contract that the product delivered is fit for the customer's intended use. Heraeus, therefore, does not guarantee the correctness and completeness of the information regarding the customer's intended use. The customer's purchase will be governed exclusively by the written order confirmation of Heraeus and the Heraeus General Terms of Sale and Delivery, which are available at www.heraeus.com/gtc. This data sheet may be subject to changes at any time.
